Requisition form for Dynamic Mechanical Analyzer (DMA)

Date:

Name of the student :

Designation : M.Sc./Ph.D.

No. of samples :

Name of the samples:

Nature of samples: Metal/Rubber/Elastomers/ Composites/ Thermoplastic/Others

Heating program: Initial Final..... Heating Rate

Measurement modes to be done: (Please tick)

1) 3-point bending 2) Single/Dual cantilever 3) Tension 4) Compression 5) Shearing

Parameters

1. Force: N

2. Frequency: Hz

3. Amplitude: μm

4. Atmosphere: (Nitrogen/Air)

5. Young's Modulus:

Dimensions of samples:

1. Length:

2. Width:

3. Thickness:
